Serving Residents of DuPage and Illinois

DuPage Mayors and Managers Conference

2018 Legislative Action Program

Representing more than one million residents by advocating for sound public policy initiatives, the DuPage Mayors and Managers Conference (DMMC) strives to promote municipal government, foster intergovernmental cooperation, and find innovative solutions to make local government work more effectively for DuPage residents and ultimately all citizens of Illinois. DMMC’s legislative priorities for 2018 include:

Ensuring Sustainable Municipal Budgets

Making sure that revenue generated by local residents and businesses stays local is crucial to preserving vital municipal services like police and fire protection, garbage pick-up, road maintenance, and snow removal. DMMC communities, as well as those throughout the state, rely on these revenue streams—including Local Government Distributive Fund (LGDF) dollars—that are collected by the state and returned to municipal governments to pay for essential services. By **protecting all state-collected local revenue streams**, legislators help ensure municipalities can deliver basic services and necessary staffing to residents.

<p>LGDF has been an essential component of local operating budgets for 50 years, especially as municipalities have been making sacrifices to reduce expenditures.</p>	<p>Cities, villages and counties rely on more than \$1 billion per year to provide essential services, including public safety, that preserve residents’ quality of life.</p>	<p>Reducing LGDF dollars would shift the state’s financial burden onto municipalities, forcing service cuts, police and fire layoffs and local property tax increases.</p>

Supporting a Financially Sustainable Public Safety Pension System

DMMC is part of a statewide coalition advocating for reforms aimed at preserving public safety pensions for local police officers and firefighters while reducing the burden on municipalities and taxpayers. Without cutting benefits, **consolidating the 663 municipal public safety pension funds** into a single multiple-employer pension system would expand investment opportunities and lower operational expenses for those who serve our communities. In addition, DMMC supports repealing or amending a law that was passed in 2011 and that requires municipalities to fund pensions to a level of 90 percent, amortized to 2040, or risk having local revenue withheld by the state. Without these reforms and more, the costs of public safety pensions will continue to rise, further shifting the financial burden onto municipalities and forcing cuts in basic services or increases in local property taxes.

<p>A consolidated structure would resemble the Illinois Municipal Retirement Fund, which serves more than 420,000 members and retirees and nearly 3,000 local units of government.</p>	<p>Consolidation should pass constitutional muster, reduce the unfunded pension liability and help prevent municipalities from having to raise property taxes to cover escalating pension costs.</p>	<p>Municipal public safety pension systems are unsustainable. The challenges faced by municipalities are compounded by the passage of pension sweeteners as well as changes to the mortality table and other actuarial standards.</p>
