**Contract Pricing Offered to Residents in the City of Wood Dale**

Services Discounted Under This Contract	Price
<b>Initial visit:</b> This visit includes an inspection. If trapping is indicated, it also includes the setting of a humane box trap.	\$65
<b>Return visit</b> This visit is to pick up an animal in our trap, or in a trap owned by a resident, or to re-set a trap that has sprung or needs fresh bait. (Though the intention is to trap only skunks, all parties involved understand that captures of other species may occur and a fee is associated with the visit to remove the animal from the trap)	\$65
<b>Additional traps set:</b>	\$65
<b>24-hour a day telephone consultation:</b>	Free

*Services under this contract are for single-family homes, individual duplex units, individual townhome unit, and multi-unit residential properties. Commercial buildings and offices are excluded, except that municipal properties belonging Wood Dale will be serviced at the discounted rate. The non-discounted, standard rate for each service is listed in red and indicated by a strikethrough.*

**Inspection, consultation, and setting of one trap: \$65.00 (~~\$125.00~~):**

The animal trapping process begins with an inspection that includes all ground level areas involved, which may include; the crawlspace, stoop, deck, foundation, window wells, or any other common ground level entry point. After access points are understood and damage is assessed, one or more traps can be set during the same visit. ABC Wildlife will meet with the resident to describe the trapping process and the resident will be instructed on how to contact

Attachment: Wood Dale Discount Pricing (R-18-14 : Skunk Removal Program Resolution)

ABC Wildlife when an animal is in the trap so that ABC Wildlife can pick up the trapped animal as quickly as possible (most of the time the same day, depending on the time of the call, but always before the next calendar day has elapsed).

Daytime service is provided (within 3 business days following a call) for trapping skunks. Same day service will be given at no extra charge if there is an opening in the schedule.

**Return visit: \$65.00 (~~\$75.00~~):**

Includes the pickup of any trapped animal. There is no additional charge for multiple trapped animals picked up on the same visit, so setting extra traps is often the most economical plan and helps to resolve the problem faster by removing more animals sooner. There is return visit fee for any return visit, including visits to replace a broken indicator, or re-set or re-bait a trap.

**Daily trap checking fee (if needed): \$65.00/per day (~~\$75.00~~):**

While most clients are able to monitor the trap, it is rarely, but occasionally, necessary for ABC Wildlife to check the trap. Such instances include service to homeowners who cannot go outdoors, unoccupied homes being managed by real estate firms, and homes in foreclosure processes. This additional service must be approved by a representative of the City of Wood Dale.

This fee includes removal of all animals trapped during each 1-day period, and resetting and re-baiting each trap on the property. The return visit fee is not charged to clients if they are assessed a trap checking fee. It's only one or the other.

**24-hour (24/7) telephone consultation:**

Telephone consultation at any hour of the day or night is free of charge.

**The services below are not discounted under this contract.**

**Animal Proofing:**

While animal proofing/exclusion and damage repair can be quoted onsite when required, it is not covered under this contract.

**Dead Deer Removal:**

\$350 - \$750 depending on time and difficulty

This service includes removal of any material on the ground and disposal of the carcass in accordance with the Illinois Dead Animal Disposal Act. The removal of dead deer from swimming pools, ponds or other bodies of water will incur additional charge and will be quoted in advance on a case per case basis.

**Wildlife Emergencies Necessitating Immediate Response Time:**

\$350 to \$550 based on whether one or two state-certified biologists are required for the response, and the amount of time spent on the removal, or attempted removal. The fee includes the setting of a trap if the animal could not be hand captured. The fee also includes submitting the animal

for rabies testing if human exposure is suspected. Examples of wildlife emergencies include, but are not limited to, an animal that has fallen through a ceiling into the living quarters of a home, an animal that has entered the living quarters of a home through an open door, an animal that is sick or dying that prevents residents from safely entering or exiting their home, an animal that has entered the living quarters of a home and is an immediate threat to property or human health and safety. ABC Wildlife is on-call 24/7 to provide emergency service. Please call 847-870-7175.

**Wildlife Trapping Services for Beavers, Muskrats, or Coyotes:**

Trapping or removal services for beavers, muskrats or coyotes are not covered in the pricing for any other sections of this Agreement. When beaver, muskrat or coyote dens are found on clients' properties, ABC Wildlife must assess the site and issue a site-specific quotation. Coyote trapping is not allowed in Illinois due merely to the occasional presence of a coyote. Accordingly, ABC Wildlife will not undertake coyote trapping services unless the coyote's den is on the property of the covered party. Beaver, muskrat, or coyote trapping service is subject to a \$1,500 minimum charge. Beaver, muskrat, or coyote inspections will be performed at the cost of \$150 and a quotation will be generated.

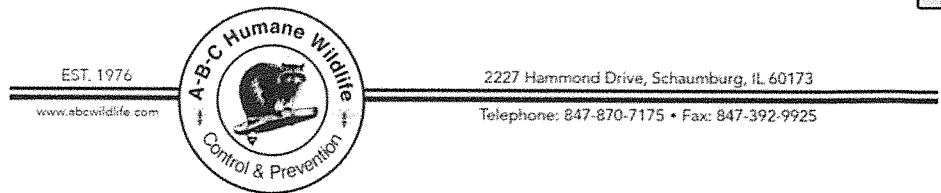

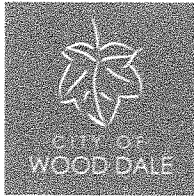

**Other services performed by ABC Humane Wildlife Control & Prevention that are not included or managed under the terms of this contract:**

- Repairing damage caused by wildlife
- Replacing soiled insulation
- Installing animal-proof products, such as chimney caps, underground screening, structural rodent-proofing
- Replacement of attic fans and vents
- Removal of dead animals
- Removal of animal carcasses from inside of attics, beneath decks and stoops and other confined areas
- Pest control for insects
- Installation of bed-bug proof mattress encasements
- Placing one-way-doors called excluders on homes to exclude bat colonies
- Sealing gaps that bats or other wildlife enter through
- Structural inspections of the home to determine how bats gain entry
- Structural inspections of the home to determine how mice gain entry
- Trapping and control of wildlife species not covered by this contract
- Emergency visits outside of regular business hours
- Animals that must be removed using a tranquilizer gun or noose pole. This is known as a hand capture and is usually an emergency service requiring one to two biologists to remove an animal that is in the living quarters of a home.

**Covered and Excluded Species**

**A. Animal Species Covered by this Agreement: Skunks and non-target species caught while trapping for skunks.**

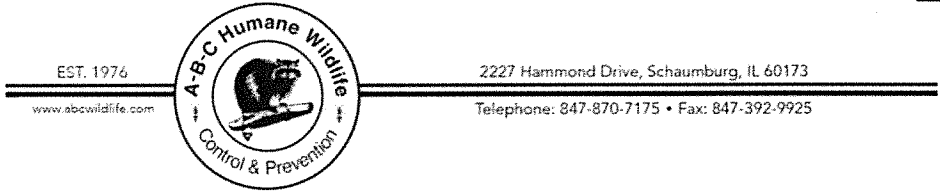

## Wood Dale Skunk Removal Grant Program

Thank you for choosing ABC Humane Wildlife Control & Prevention, Inc. to provide trapping services for Wood Dale. The best way to ensure that only those within the municipality's boundaries receive Wood Dale's discounted pricing is to first direct residents to call the municipality's main number.

The Wood Dale staff will be able to look up the resident's address to confirm they are within municipality's boundaries. The Wood Dale representative should then send the confirmed resident an email with ABC's Wood Dale Pricing Voucher, shown below. Once a representative of the municipality confirms the caller qualifies for municipality-approved trapping services, the following steps should be taken:

1. The Wood Dale representative completes the voucher for the resident, making sure to fill in all required information.
2. The resident pays a \$25.00 non-refundable deposit.
3. The Wood Dale representative provides a copy of the voucher to the resident and emails a copy to ABC Humane Wildlife Control & Prevention, Inc. at [help@abcwildlife.com](mailto:help@abcwildlife.com).
4. The Wood Dale representative then directs the resident to call ABC's main number, (847) 870-7175, to set up their first service date with our organization. Please note that we will ask the resident/homeowner to schedule service on a day they are available to meet with our Inspecting Technician at their home. Illinois law requires that we obtain written permission from property owners to set live-capture traps on their properties. Our Inspecting Technician is equipped with a mobile device that captures signatures for this purpose.
5. Wood Dale will receive invoices after each service visit ABC makes to the approved Wood Dale residences. Each invoice will have a service address on it so it can be tracked internally by the municipality.

# Wood Dale Voucher

This voucher confirms that Wood Dale has approved a live trap to be placed on your property after receipt of a \$25 non-refundable deposit. The rest of the cost for the trapping of skunks will be at the expense of the municipality. Please contact ABC Humane Wildlife Control & Prevention at 847-870-7175 to schedule an appointment with a licensed wildlife professional.

Language to be added to Wood Dale Website:

As a resident of Wood Dale, you may qualify for discounted skunk trapping services provided by ABC Humane Wildlife Control & Prevention, Inc. Please contact the municipality at 630-766-2060 to seek approval for discounted wildlife trapping services.

A non-refundable deposit of \$25.00 must be paid by the resident, and the City will pay for the remainder of the cost of setting of the trap, removal of any animals captured, and removal of the trap after completion. At this time, there are limited funds allocated to this program, and they will be awarded on a first-come first-served basis.

Once a municipality representative has confirmed your property is within the municipality's limits, the representative will assist you in completing the Trapping Services Voucher, which will then be given to you. When you receive the voucher, please call ABC Wildlife at (847) 870-7175 to schedule your initial inspection and trap-setting.

If you have questions regarding voucher approval, please contact Wood Dale at 630-766-2060. Please note, a voucher request can only be approved by a Wood Dale representative.

If you have any questions regarding the wildlife trapping process, please contact ABC Wildlife at (847) 870-7175 or live chat with a customer service representative through ABC's website at [www.abcwildlife.com](http://www.abcwildlife.com).
